Why Invest in MHP Salud Learning Pathways?

**Improve outcomes. Improve sustainability.
Improve public health.**

Your outcomes (and your bottom line) are directly tied to the experience, expertise, and commitment of your workforce – **you can't afford *not* to invest in Learning Pathways.**

Turnover in public health remains a challenge, at nearly 50%¹. **It's time to renew the focus on retention before it's too late.**

Among the top reasons employees stay with their companies²:

- Professional Development and Growth Opportunities
- Positive Work Environment, including Supportive Supervisors
- Promotional Pathways

MHP Salud's Learning Pathways provides the foundation for you to **address turnover and improve outcomes**. We equip frontline staff *and* supervisors with training, tools, and practical application to improve service delivery, increase effectiveness and productivity, improve community trust, improve access to health services, and strengthen the bottom line.

Did you know ... ?

Turnover in public health is a growing crisis.

50%

average turnover rate in public health systems¹

77%

turnover rate among professionals with less than 5 years of experience¹

Learning Pathways helps you build your workforce, sustain your organization, *and improve outcomes.*

1. de Beaumont Foundation. (2023, March 6). Public health turnover threatens community health and safety. [Public Health Turnover Threatens Community Health and Safety](https://debeaumont.org/news/2023/public-health-turnover-threatens-community-health-and-safety/) (<https://debeaumont.org/news/2023/public-health-turnover-threatens-community-health-and-safety/>).

2. SHRM. (2024, November 14). Future of talent retention: Understanding why employees leave and why they stay. [Future of Talent Retention: Understanding Why Employees Leave and Why They Stay](https://www.shrm.org/executive-network/insights/future-of-talent-retention-report-why-employees-leave) (<https://www.shrm.org/executive-network/insights/future-of-talent-retention-report-why-employees-leave>).

What makes MHP Salud's Learning Pathways different (*and effective*)?

Bottom line: Our approach works.

We combine decades of public health experience, real-world scenarios, and best practices to provide comprehensive training with practical education participants can put to work immediately. **Email info@mhpsalud.org to get started.**

Our pathways:

-  Integrate the Core Competencies, which guarantees our training meets professional benchmarks in public health
-  Combine evidence-based practices, research and real-world experience for an unparalleled training experience
-  Build core competencies across the public health workforce, with an option to align with the Community Health Workforce
-  Align with industry standards so participants can excel as frontline professionals and leaders

From foundational training for emerging public health professionals to advanced development for leaders, Learning Pathways prepares the workforce to strategically address challenges, thoughtfully serve populations, and maximize impact for their organizations and communities.

 - Learn how to set clear expectations, follow through consistently, and create a culture where responsibility is shared and results are owned
-

Building Effective Teams

-  1 Hour
-  E-learning

- Discover what makes teams work well — and what gets in the way
- Dive into practical tools to improve communication, strengthen collaboration, and address challenges so your team can thrive together

CHW Development & Certification Courses

Introduction to the CHW Profession

- 🕒 1 Hour
- ✅ Florida Certification Course
- 💻 E-learning
- ✅ Texas CHW Certification CEU Course

Gain a deep understanding of the history, core responsibilities, and community impact of CHWs

CHWs in Health Systems Part I: Understanding Community Health Needs

- 🕒 2 Hours
- ✅ Florida Certification Course
- 👤 Instructor-led Training
- ✅ Texas CHW Certification CEU Course

- Explore the foundational role of CHWs in addressing everyday factors that shape health
- Learn how to identify and respond to common health stressors in your community, recognize primary risk indicators, and apply prevention-focused strategies to support individuals and families

CHWs in Health Systems Part II: Navigating Systems and Strengthening Impact

- 🕒 2 Hours
- ✅ Florida Certification Course
- 👤 Instructor-led Training
- ✅ Texas CHW Certification CEU Course

- Gain a clear picture of how CHWs work within health systems to connect people to care
- Understand the structure of the healthcare system, workplace safety standards (OSHA), and how to use data to guide outreach, referrals, and program planning

Person-Centered Responsiveness Part I: Navigating Conflict in the Workplace

- 🕒 2 Hours
- ✅ Florida Certification Course
- 👤 Instructor-led Training
- ✅ Texas CHW Certification CEU Course

- Build the skills to manage conflict with professionalism and empathy
- Explore real-world workplace scenarios, learn different conflict types – and how to manage them – and practice person-centered resolution strategies that improve trust and communication across teams

Person-Centered Responsiveness Part II: Educating and Engaging Through Adult Learning

- 2 Hours Florida Certification Course
- Instructor-led Training Texas CHW Certification CEU Course

- Learn how to effectively educate and engage community members using adult learning principles
- Understand how to adapt your approach to different audiences, promote dialogue, and foster understanding through clear, respectful communication

Connecting Communities Part I: Building Trust Across Differences

- 2 Hours Florida Certification Course
- Instructor-led Training Texas CHW Certification CEU Course

- Explore practical strategies to recognize and bridge tradition and language gaps when working with individuals from different backgrounds
- Dive into techniques that build trust, navigate barriers to care, and deliver services that reflect the needs and values of each person and community

Connecting Communities Part II: Strengthening Access through Referrals and Community Capacity

- 2 Hours Florida Certification Course
- Instructor-led Training Texas CHW Certification CEU Course

- Learn how to strengthen local capacity through strong service connections and effective referrals
- Build core skills for access and navigation as you understand how to identify resources, follow up on referrals, and create sustainable partnerships that improve long-term support

Advocacy Starts with You

- 2 Hours Florida Certification Course
- Instructor-led Training Texas CHW Certification CEU Course

- Understand what advocacy really is and how it shows up in your daily work, from navigating systems to ensuring people are heard and respected
- Learn how to recognize your rights as a CHW or public health professional, speak up with confidence, and model advocacy in action

Becoming a Voice for the Community

🕒 2 Hours 📄 Florida Certification Course
👤 Instructor-led Training 📄 Texas CHW Certification CEU Course

- Build the skills to serve as a strong liaison between individuals and the systems they rely on
- Learn practical ways to elevate community needs, collaborate with partners, and empower others to speak for themselves, turning listening into leadership

Know the Line, Walk the Line - Professionalism and Boundaries

🕒 2 Hours 📄 Florida Certification Course
👤 Instructor-led Training 📄 Texas CHW Certification CEU Course

- Explore what it means to practice within your professional scope and why it matters
- Learn how to protect client information, follow the law, and make ethical decisions that reflect integrity and trust
- Make sense of complex rules as we translate them into practical actions every CHW and public health worker should know

Practice with Purpose

🕒 2 Hours 📄 Florida Certification Course
👤 Instructor-led Training 📄 Texas CHW Certification CEU Course

- Go beyond technical tasks and focus on habits that strengthen your work every day
- Learn documentation best practices, how and when to seek supervision, and why self-care is a professional responsibility, not a luxury

Leadership and Career Pathways for CHWs

🕒 2 Hours 📄 Florida Certification Course
👤 Instructor-led Training 📄 Texas CHW Certification CEU Course

- Master the tools that can help you grow into leadership roles
- Learn how to build clear pathways for advancement, align personal goals with team impact, and support professional growth

Safety and Home Visits

- 🕒 2 Hours
- ✅ Florida Certification Course
- 👤 Instructor-led Training
- ✅ Texas CHW Certification CEU Course

Learn how to assess risk, protect personal safety during home visits, and respond to unexpected situations with confidence and care

The Impact of Backgrounds & Traditions on Health

- 🕒 2 Hours
- ✅ Florida Certification Course
- 👤 Instructor-led Training
- ✅ Texas CHW Certification CEU Course

- Explore how personal beliefs and traditions shape health behaviors and how your own worldview influences the way you serve others
- Learn how to use self-reflection and practical tools to provide more respectful, responsive care across all communities

Client Visits for Public Health Workers

- 🕒 2 Hours
- ✅ Florida Certification Course
- 👤 Instructor-led Training
- ✅ Texas CHW Certification CEU Course

- Learn how to plan and conduct effective client visits that build trust and deliver impact
- Gain skills and strategies to meet clients where they are, whether at home or in the community, while navigating common challenges, protecting safety, and strengthening connections that support long-term well-being

Case Management

- 🕒 2 Hours
- ✅ Florida Certification Course
- 👤 Instructor-led Training
- ✅ Texas CHW Certification CEU Course

- Explore how CHWs can provide consistent, person-centered support through the case management process
- Learn how to assess needs, coordinate services, track progress, and help clients navigate complex systems to achieve their health and wellness goals over time

Medication Management

- 🕒 2 Hours
- 📍 Florida CHW Certification CEU Course
- 💻 E-learning
- 📍 Texas CHW Certification CEU Course

- Support clients in understanding, managing, and adhering to medication plans
 - Build confidence in addressing common barriers and promoting safe practices
-

Motivational Interviewing

- 🕒 2 Hours
- 📍 Florida CHW Certification CEU Course
- 👤 Instructor-led Training
- 📍 Texas CHW Certification CEU Course

- Learn how to guide conversations that inspire change without pressure or judgment
 - Dive into the core principles of motivational interviewing and practice applying them in real-world settings
 - Build skills to ask the right questions, listen with purpose, and help individuals explore their own reasons for making healthy choices
-

Community Needs Assessment

- 🕒 2 Hours
- 📍 Florida CHW Certification CEU Course
- 👤 Instructor-led Training
- 📍 Texas CHW Certification CEU Course

- Dive into practical strategies to learn and understand what your community truly needs
- Learn how to conduct effective community needs assessments, from gathering data to engaging residents, and turn observations and input into actionable insights that guide programs, outreach, and resource development

Mission-Driven Talent Series

Effective Onboarding and Retention

-  2 Hours
-  Instructor-led Training

- Design onboarding experiences that spark connection and engagement
 - Lay the foundation for success by supporting new staff through their first 90 days and applying retention strategies that build long-term commitment
-

Recruiting and Hiring of Staff

-  2 Hours
-  Instructor-led Training

- Master techniques to attract and select mission-aligned candidates
- Learn how to streamline hiring processes and set up staff for success from day one

CHW Program Design & Supervision

*Build programs that work
— and last*

The secret to successful outcomes in public health: Strong leadership. Whether you're new to supervision or highly seasoned in your role, you'll gain key strategies to build and strengthen teams, integral competencies and traits for success, and communication must-haves for effective leadership.
